

HIGHER EDUCATION STUDIES – RMIT MELBOURNE (RMIES)

Our relationship with RMIT Melbourne provides an opportunity for Year 12 students to complete two first year university subjects and have them recognised as part of their VCE. These subjects are ideal for students interested in the RMIT degrees; Science/Bachelor of Social Science (Environment), Bachelor of Environmental Science/Bachelor of Engineering (Environmental Engineering) (Honours) or Bachelor of Applied Science; Bachelor of Urban, Rural and Environmental Planning, Bachelor of Arts or Bachelor of Civil Engineering.

WHAT IS A HIGHER EDUCATION STUDIES SUBJECT?

RMIT's Higher Education Studies Program allows VCE students to complete two first-year university applied science courses as part of their unit 3 and 4 sequence within their VCE studies. They also contribute to your ATAR score through a 10% increment. Students will also have completed two subjects as part of the 1st year of a university degree and this can provide an accelerated start to their career.

WHY SELECT A HIGHER EDUCATION SUBJECT?

- The course is fully online with two field trips.
- A genuine taste of university life.
- Work with like
